RATES SET FORTH IN EACH PAGE

CITY OF BOSTON

For further information, apply to the  
Telephone Exchange Office  
or to the City of Boston

FOR THE CONVENIENCE OF SUBSCRIBERS  
DIRECTORY IS DIVIDED INTO TWO SECTIONS

---

## **SECTION I.**

# **BOSTON DIVISION**

Includes Boston and Suburban Division, with Exchanges  
and Connections.

---

## **SECTION II.**

Includes all Exchanges and Connections

**OUTSIDE OF THE BOSTON DIVISION**

Robert Allen  
Feb 10, 1942

# Special Notice.

A new exchange, to be known as "Haymarket Office," will be established at No. 7 Chardon Street about January 1st, 1894.

All subscribers within the section North of Court and State Streets, and West of Tremont Street, now connected with the Central Office, 125 Milk Street, will be connected with the new office.

With the rapid growth in number of subscribers and the increasing demands made upon the telephone system, it is found that the maintenance of a high standard of efficiency and promptness of service requires the above extension of equipment and facilities.

The opening of the new office will require a change of call numbers of all present subscribers included within the limits of the new district. Due notice will be given to each subscriber before such change is made, and the Subscribers' Directory giving the new call numbers will be published when the new office is open for business.

The Tariff to and from each of the following Exchanges is the same as to and from Boston, Mass.

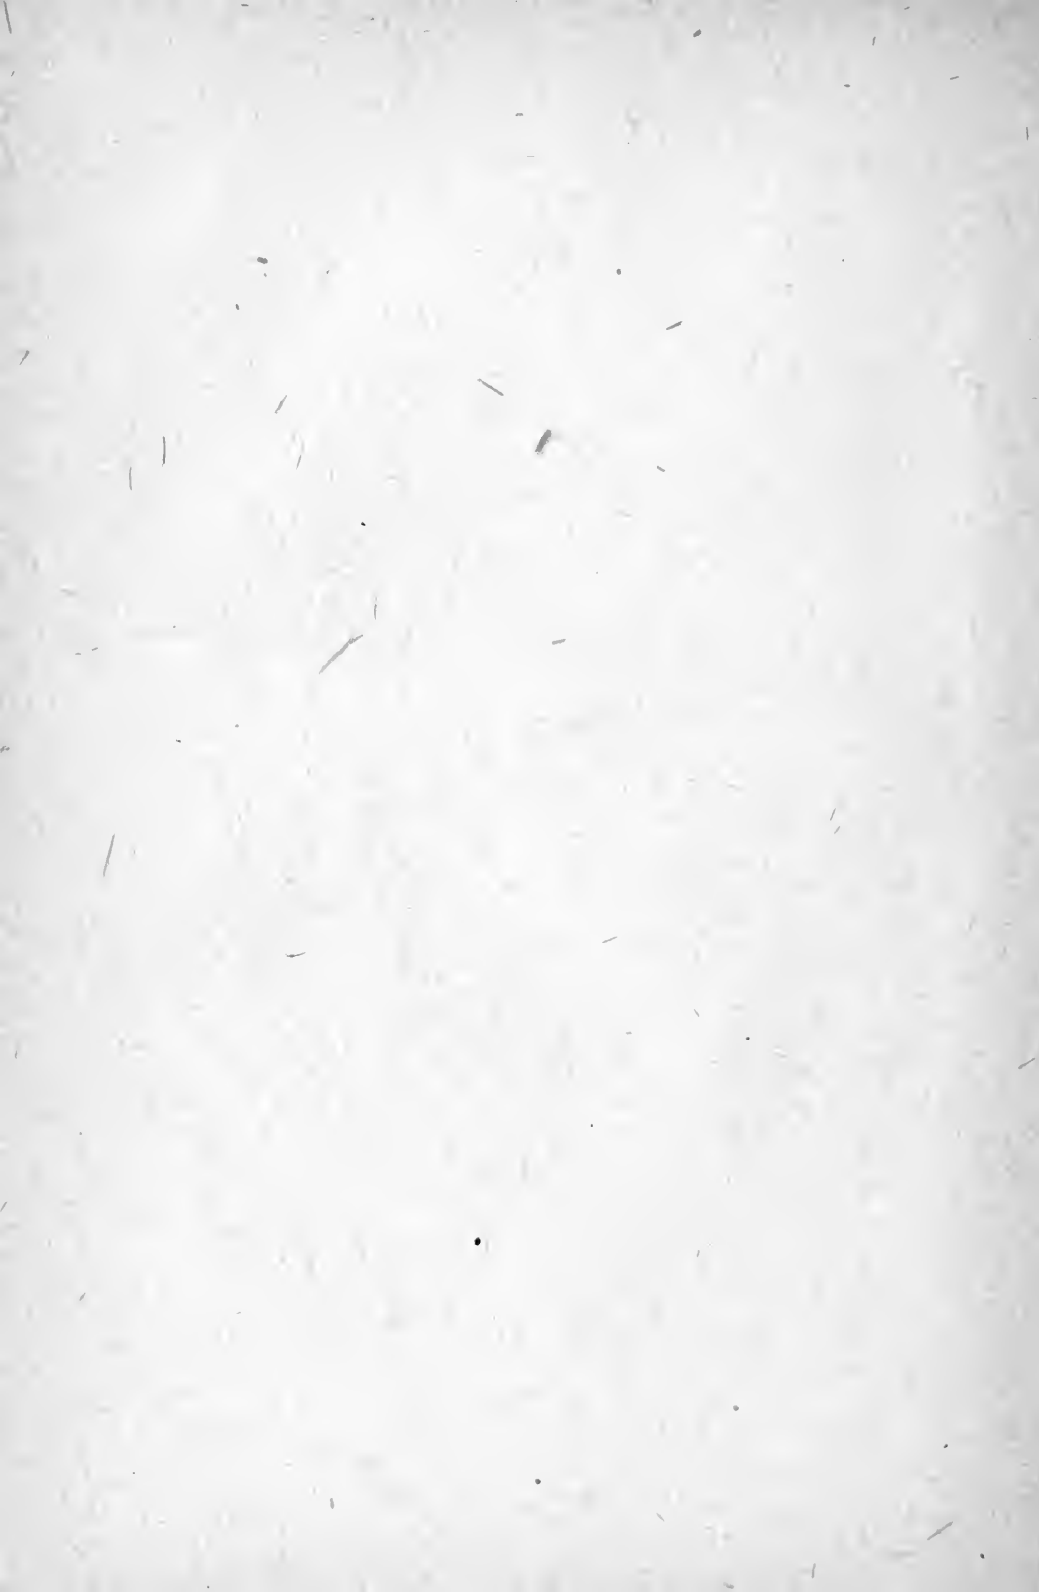

## METALLIC CIRCUIT RATES

**SUBJECT TO CHANGE WITHOUT NOTICE.**

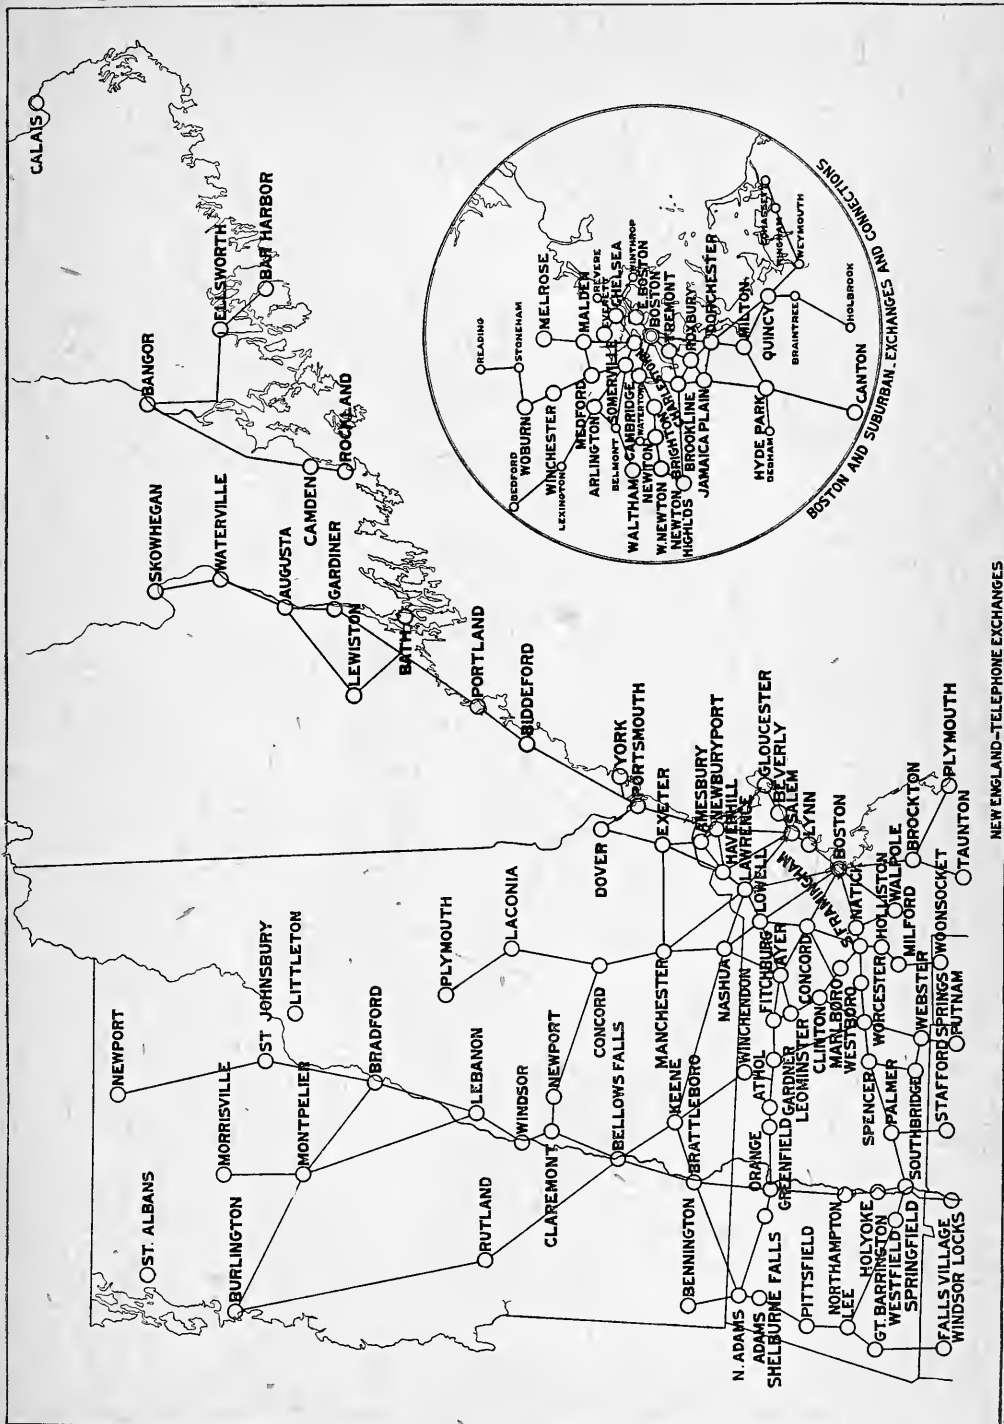

1. The tariff named herein is for a continuous conversation of not more than five (5) minutes. For each additional five minutes, ONE HALF the regular rate will be charged.
  2. Subscribers will be allowed a discount of 20 per cent. on toll and extra-territorial business, on amounts exceeding ten dollars for business done from any station in one month—the two classes of business being computed only upon the excess over ten dollars. The company discounts the business of each station will be considered separately.
  3. The regular tariff rate will be collected when communication is established with the station called for, whether the person wanted is present or not.
  4. The tariff from any station forming a part of an exchange as named herein, will be the same as from the Central office of such exchange.
  5. Messages can be sent "collect," if satisfactory to the receiver. Managers will satisfy themselves that the person receiving a "collect" message understands that it is to be charged to him, and will then enter and check the message as sent from receiving end.
- This Schedule supersedes all Metallic Circuit Rates heretofore made.**

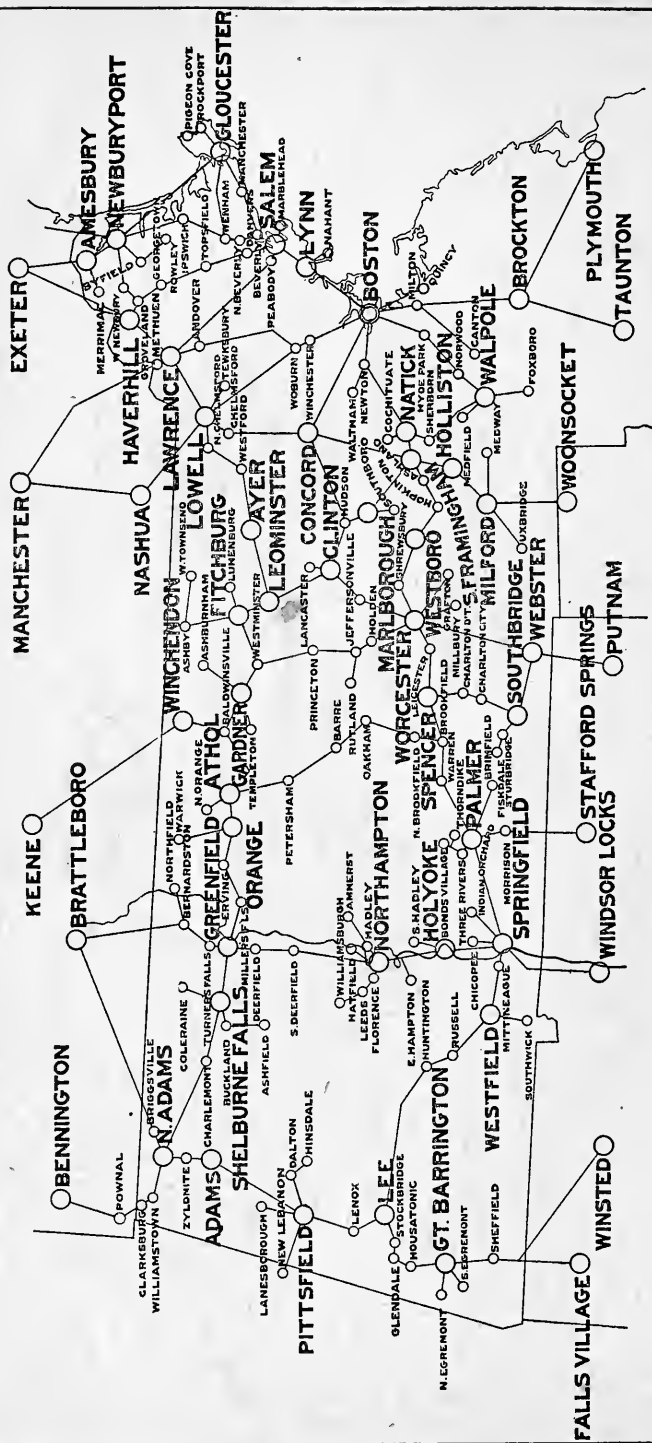

**This Schedule s  
heretofore made.**

For Boston and Suburban Exchanges.

# **Instructions and Important Suggestions.**

## **DESTROY ALL PREVIOUS LISTS.**

THE NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY ASSUMES NO LIABILITY WHATEVER FOR DAMAGES ACCRUING FROM ERRORS OR OMISSIONS IN THE MAKING UP AND PRINTING OF THIS BOOK.

## **CALLING**

### **AT BOSTON AND TREMONT OFFICES.**

When the office is called, the operator will say, "What number?" naming her Exchange. For example, "What number? Boston."

If the subscriber to be called is directly connected with your Exchange, you will give the number wanted.

If, however, the subscriber to be called is connected with another Exchange, then, when the operator at your Exchange answers your call, saying "What number?" at the same time naming her Exchange, you will first ask for the Exchange with which the subscriber wanted is directly connected, and wait for an answer from the operator in the office which you have named. When that operator responds, "What number?" naming her Exchange, you will give the number of the subscriber wanted. The operator will then repeat the number.

If the line is in use, the operator will answer, "Line busy." If the line is not in use, the operator will say "Line connected." For example, a subscriber in Boston Exchange, desiring to talk with subscriber number 75-2 Newton Exchange, gives the signal and listens. The operator at Boston answers, "What number? Boston." The subscriber says "Newton," and listens. Newton office answers, "What number? Newton." The subscriber says "75-2." The operator repeats "75-2." If the line is found in use, she will say "Line busy." Otherwise she will make the connection and say "Line connected," and the way is then open for conversation. If the station connected fails to answer within 30 seconds, hang the telephone on the hook and give one sharp ring. The operator will inquire, "Finished?" Upon being informed that communication has not been established, the operator will then ring a second time.

In calling for connections between Boston and Suburban Offices, keep the telephone to the ear until the Exchange asked for, answers.

After your conversation is finished, hang up the telephone and give one short ring, as this clears the line for another call. Uniformity of method saves time for everyone.

### ***For Suburban and Branch Office Subscribers Calling for Boston, Tremont or Other Suburban Stations.***

Subscribers connected with Suburban or Branch offices should call, in the first instance, the name of Exchange and number wanted.

In calling for connections between Boston and Suburban Offices, keep the telephone to the ear until the Exchange asked for, answers.

Give the operator the figures of the number you call for separately, as: "1-3-1-5," instead of "thirteen hundred and fifteen."

### ***When Calling for Offices Beyond the Limits of the Suburban Exchanges,***

give to the operator first answering your call your telephone number and the name of Exchange desired. Your line will then be connected on the "toll table" and the operator will say "toll line?" Give in reply your number and name, and the Exchange, name and number of party desired.

## **ANSWERING.**

Answer promptly when you are called, as this is essential to good service. *By so doing you will save time for your correspondent and for other subscribers.*

## IN GENERAL.

Never leave the telephone till you have finished, as the operator will disconnect if she finds no one using it. Hold the telephone firmly to the ear. Speak in an ordinary tone of voice as close to the transmitter as possible. Always return the telephone to its proper place after using it, otherwise the Central Office cannot call you, and your battery will be speedily exhausted, so that you cannot talk through your transmitter.

We ask and expect courteous treatment for our operators, who are forbidden to directly receive any complaints from our subscribers, because all their time should be taken up in making connections.

All persons, whether subscribers or not, must pay for use of telephone at public stations.

The use of the telephone is limited to the subscriber, his family, or employee in his interest. Subscribers have not the right to allow its use by other parties. Instruments may be removed if this condition of the lease is disregarded.

Subscribers are requested to refer those desiring the use of the telephone to the nearest PUBLIC STATION.

Subscribers of the Boston and Tremont Exchanges are connected with the Suburban subscribers without extra charge. Suburban subscribers pay an extra charge of ten cents for each connection with the Boston or Tremont Exchanges, unless their contracts are for full Exchange service.

Subscribers wishing telephones removed are expected to give thirty days' notice in writing, in accordance with their contracts.

Cost of moving instrument will in all cases be charged to the subscriber.

NOTICE — Thunder showers are more or less frequent during the summer months. During showers calls will not be answered.

---

## DELIVERY OF MESSAGES.

The NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY assumes no responsibility for the delivery of messages by messengers beyond the amount paid by the sender for such message. Subscribers can send a fifteen-word message (one cent for each additional word) to a non-subscriber for twenty-five cents, and receive an answer without additional charge, when such message is to go within a half-mile of the delivery office. Outside of this limit the additional charge will be the regular tariff charges of District Messenger service. This applies only to offices of the Boston Exchange of the NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY. The Lynn rate is twenty-five cents for a fifteen-word message, and two cents for each additional word and Messenger Service.

Subscribers desiring messenger service will receive prompt attention by calling either of the following companies: Boston District Messenger Co., Boston, \*2497, office, 234 Devonshire street; Tremont, \*646, office, 289 Tremont street; Tremont, \*633, office, basement Hotel Victoria; Mutual District Messenger Co., Boston, \*418, basement Old State House.

This Company furnishes its facilities for personal communication between parties. Repetition or assistance by the operator will be permitted only when necessary to facilitate business, and then only upon the request of the party communicating, and upon the distinct understanding that the Company assumes no responsibility for error.

## IT MAY BECOME NECESSARY TO CHANGE NUMBERS.

Subscribers should bear this in mind when having printing done, and it is suggested that the words "Connected by telephone" be used in advertising instead of the number. If, however, the number is used, the name of the exchange should always precede it.

---

## COMPLAINTS.

Owing to the extreme sensitiveness of the telephone to many disturbing causes, even with the exercise of great care on the part of the Company's employees the instruments may work unsatisfactorily without our knowledge, and we are in great measure dependent for information of defective service upon our subscribers, who are **EARNESTLY REQUESTED TO REPORT** at once, to the Exchange Manager or by letter to the Division Superintendent any failure to obtain prompt attention and efficient service.

In case of ordinary troubles, subscribers should first give notice to the manager of the local office, and, if the trouble is not quickly remedied notify the Superintendent, telephone, "Boston, 256," who requests that he be informed of any apparent neglect on the part of any of the local offices.

The morning test call is made for the purpose of ascertaining whether any of the subscribers' lines or instruments are not in working order, and require immediate attention. It is an obvious and valuable means for ensuring good service. Subscribers who object to answering this call and require its discontinuance are requested to give notice accordingly and the test call upon their especial lines will no longer be made.

Our inspectors often find that trouble which subscribers have in being heard is caused by the use of various forms of mouth-pieces, attachments which are being sold to telephone users under different names.

Subscribers are asked to decline the use of all apparatus in connection with the telephones other than that furnished by the Company under contract.

To insure prompt connections, subscribers are requested to use the latest issue of our list, as it frequently becomes necessary (on account of removals) to change numbers, although every effort will be made to retain them.

## TOLL LINE CONNECTIONS.

For rates to all principal points in New England and discount on toll, and extra-territorial business, see Tariff Sheet, page A.

All Toll Line Connections are charged to the subscriber from whose instrument they originate.

Subscribers are responsible for all Toll Connections made from their respective stations, and the Company will insist upon payment of charges so incurred.

The regular tariff rate will be collected when communication is established with the station called for, whether the person wanted is present or not.

Wherever messenger charges are made, they will be collected in addition to the regular tariff rate.

Answers will be charged for unless given at the time the question is asked.

Whenever from any cause the subscriber thinks a charge should not be made, the facts must be reported to the manager within twenty-four hours, or no rebate can be made.

Bills for Toll Line Service will be presented monthly for payment, and parties who do not pay their bills promptly will be refused the use of Toll Lines.

---

## TELEGRAMS BY TELEPHONE.

The Telephone Company permits the use of instruments and wires for placing subscribers in communication with the offices of the Western Union Telegraph Company for the purpose of sending despatches.

The Telephone Company does not assume any responsibility for the correct transmission of messages, nor does it collect the charges for such messages.

If subscribers desire to send telegrams by telephone, they must first arrange with the Western Union Telegraph Company by personal application at the Company's offices for the reception and transmission of their telegrams and payment of the charges.

Messages received by the Telegraph Company, addressed to subscribers of the Telephone Company, can be transmitted to such subscribers within the Exchange from the telephones placed in the Telegraph Company's offices, without additional charge to the subscriber. But the Telephone Company assumes no responsibility for the correct transmission of messages, and does not collect the telegraph charges.

If subscribers desire that telegraph messages addressed to them be delivered by telephone, they should make application to the Telegraph Company for such delivery.

---

## EMERGENCIES.

In case of sickness, fire or other serious emergency, it is the wish of the Company that the persons in charge of its offices shall extend such assistance to its subscribers in the way of summoning assistance or obtaining information as they can, consistently with the performance of their regular duties. But it is understood that such services are given only as an accommodation to the subscriber, for which the Company cannot assume a new responsibility of any nature.

In 125 Milk Street Office Only.

NOTE—An extra charge is made for a line over one mile long.

## SHORT TIME RATES.

Arrangements may be made for service for terms less than one year, as follows: /

For three months at one-half the annual rates, for six months at three-fourths of the annual rates.

Transfer of instruments will be made, if desired, once annually from one Exchange to another for a portion of the year at highest rate.

A residence subscriber, whose contract for one year has expired, who shall request disconnection of his instrument on account of absence from his house, will be allowed a rebate of rental of 50 per cent. for the period of such absence, not however to exceed five months in any year.

Payment of rental, as the same becomes due, will be required during absence.

## PRIVATE LINE DEPARTMENT.

Under Manager of Boston Exchange.

This department is organized for the purpose of constructing and maintaining private lines and leasing telephones and lines to parties desiring to connect two or more places, each with the other, without passing through the Central Office Exchange. Also, for introducing the telephone for “Speaking Tube” purposes into hotels and other buildings, by which means each room may be connected with the office or janitor, and with every other room in the building.

Persons desiring to communicate with this department will please call for telephone, Boston, 237.

## **SPECIAL NOTICE.**

Employees of the Boston Division are in uniform and are furnished with a badge, oval shape, and bearing the name of the New England Telephone and Telegraph Company, together with the number of the employe.

Subscribers are requested not to allow interference with their telephone instruments or access to their premises, unless the badge can be shown.

A subscriber's name printed in capitals refers to advertisement in the back of the Directory.

---

## **News of Expected Arrival of Ocean Steamships in Boston.**

By arrangement with the Boston Office of the Cunard Steamship Co. (limited) information received by it of the arrival of its ocean steamships off Boston Harbor, will be immediately communicated to the chief operator of the Milk Street, Boston, Exchange.

Subscribers desiring to receive notice of this news should previously call "Boston number 231."

The New England Telephone and Telegraph Company assumes no liability for failure or mistake in transmission of news, but the management of its Boston Exchange will use its best endeavors to promulgate information as above referred to.

---

## **NON-SUBSCRIBERS.**

Persons who are not Exchange subscribers can use the telephones at the offices or public stations at a cost of fifteen cents for each conversation of five minutes with any subscriber of the Boston Exchange or Suburban Division, and regular rates to other points.

For the accommodation of non-subscribers and the public generally, the Company has established public telephone stations in different parts of the city. See pages 27 to 31.

 TEAR OFF AT THIS LINE.

 WRITE NOTHING ON THE OTHER SIDE.

## **SECTION II.**

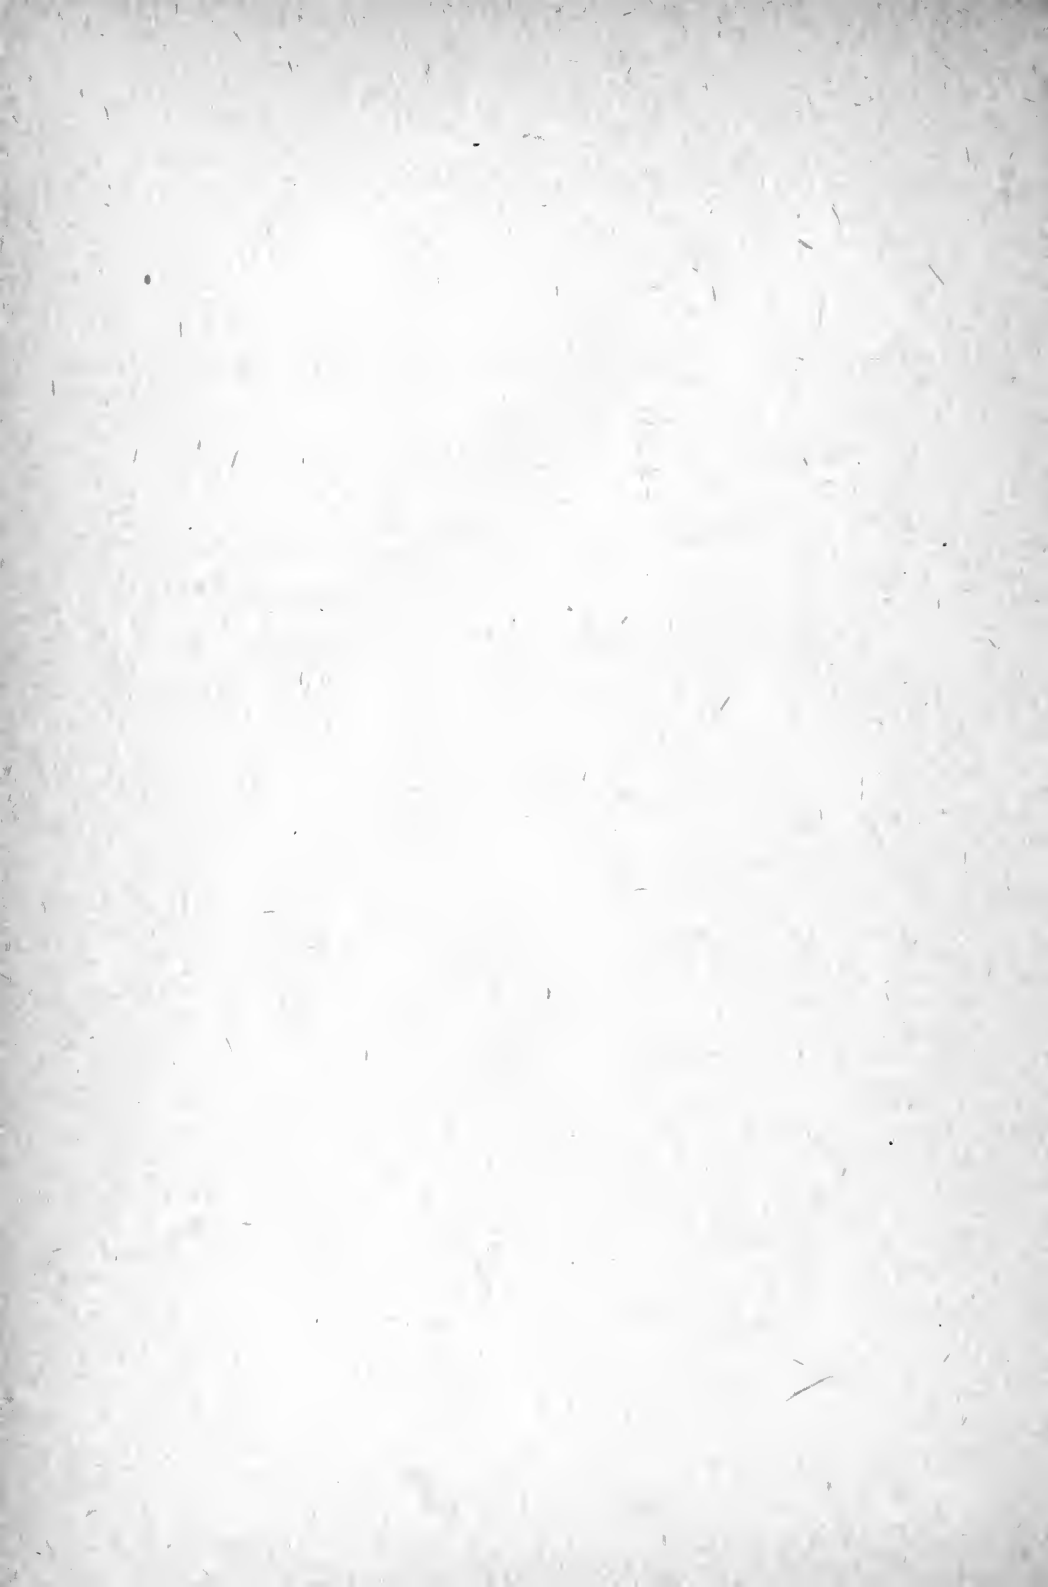

---

**New England Telephone and Telegraph Company.**

---

## **OFFICIAL LIST**

**Of Subscribers Outside of Boston Division.**

For Offices Outside of Boston and Suburban Exchanges.

## Instructions and Important Suggestions.

DESTROY ALL PREVIOUS LISTS.

THE NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY ASSUMES NO LIABILITY WHATEVER FOR DAMAGES ACCRUING FROM ERRORS OR OMISSIONS IN THE MAKING UP AND PRINTING OF THIS BOOK.

### CALLING.

When the office is called, the operator will say, "What number?" naming her exchange.

You will then give the number wanted, the operator will at once repeat the number.

If the line is in use, the operator will answer, "Line busy." If the line is not in use, the operator will say, "Line connected." For example: A subscriber calls for 75-2. The operator repeats "75-2." If the line is found in use, she will say, "Line busy." Otherwise she will make the connection and say, "Line connected," and the way is open for conversation. If the station connected fails to answer within 30 seconds, hang the telephone on the hook and give one sharp ring. The operator will inquire "Finished?" Upon being informed that communication has not been established, the operator will then ring a second time.

After your conversation is finished hang up the telephone and give one short ring, as this clears the line for another call. Uniformity of method saves time for everyone.

When calling for offices beyond the limits of the local exchange give to the operator answering your call your telephone number and name, and the, exchange, number and name of party desired.

### ANSWERING.

Answer promptly when you are called, as this is essential to good service. By so doing you will save time for your correspondent and for other subscribers.

## IN GENERAL.

Never leave the telephone till you have finished, as the operator will disconnect if she finds no one using it. Hold the telephone firmly to the ear. Speak in an ordinary tone of voice as close to the transmitter as possible. Always return the telephone to its proper place after using it, otherwise the Central Office cannot call you, and your battery will be speedily exhausted, so that you cannot talk through your transmitter.

All persons, whether subscribers or not, must pay for use of telephones at public stations.

The use of the telephone is limited to the subscriber, his family, or employee in his interest. Subscribers have not the right to allow its use by other parties. Instruments may be removed if this condition of the lease is disregarded.

Subscribers are requested to refer those desiring the use of the telephone to the nearest PUBLIC STATION.

Subscribers wishing telephones removed are expected to give thirty days' notice in *writing* in accordance with their contracts.

Cost of moving instrument will in all cases be charged to the subscriber.

NOTICE—Thunder showers are more or less frequent during the summer months. During showers calls will not be answered.

## DELIVERY OF MESSAGES.

The NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY assumes no responsibility for the delivery of messages by messengers beyond the amount paid by the sender for such message.

This Company furnishes its facilities for personal communication between parties. Repetition or assistance by the operator will be permitted only when necessary to facilitate business, and then only upon request of the party communicating and upon the distinct understanding that the Company assumes no responsibility for error.

## IT MAY BECOME NECESSARY TO CHANGE NUMBERS.

Subscribers should bear this in mind when having printing done, and it is suggested that the words "Connected by Telephone" be used in advertising instead of the number. If, however, the number is used, the NAME of the exchange should always precede it.

## COMPLAINTS.

Owing to the extreme sensitiveness of the telephone to many disturbing causes, even with the exercise of great care on the part of the Company's employees, the instruments may work unsatisfactorily without our knowledge, and we are in great measure dependent for information of defective service upon our subscribers, who are EARNESTLY REQUESTED TO REPORT at once to the exchange manager or by letter to the division superintendent any failure to obtain prompt attention and efficient service.

Our inspectors often find that trouble which subscribers have in being heard is caused by the use of various forms of mouth pieces, attachments which are being sold to telephone users under different names.

Subscribers are asked to decline the use of all apparatus in connection with the telephones other than that furnished by the Company under contract.

To insure prompt connections, subscribers are requested to use the latest issue of our list, as it frequently becomes necessary (on account of removals) to change numbers, although every effort will be made to retain them.

## TOLL LINE CONNECTIONS.

For rates to all principal points in New England and discount on Toll and Extra-territorial business, see Tariff Sheet, page A.

All Toll line connections are charged to the subscriber from whose instrument they originate.

Subscribers are responsible for all toll connections made from their respective stations, and the Company will insist upon payment of charges so incurred.

The regular tariff rate will be collected when communication is established with the station called for, whether the person wanted is present or not.

Wherever messenger charges are made, they will be collected in addition to the regular tariff rate.

Answers will be charged for unless given at the time the question is asked.

Whenever from any cause the subscriber thinks a charge should not be made, the facts must be reported to the manager within twenty-four hours or no rebate can be made.

Bills for toll line service will be presented monthly for payment, and parties who do not pay their bills promptly will be refused the use of toll lines.

## TELEGRAMS BY TELEPHONE.

The Telephone Company permits the use of instruments and wires for placing subscribers in communication with the offices of the Western Union Telegraph Company for the purpose of sending despatches.

The Telephone Company does not assume any responsibility for the correct transmission of messages, nor does it collect the charges for such messages.

If subscribers desire to send telegrams by telephone, they must first arrange with the Western Union Telegraph Company, by personal application at the Company's offices, for the reception and transmission of their telegrams and payment of the charges.

Messages received by the Telegraph Company addressed to subscribers of the Telephone Company, can be transmitted to such subscribers within the exchange from the telephones placed in the Telegraph Company's offices, without additional charge to the subscriber. But the Telephone Company assumes no responsibility for the correct transmission of messages and does not collect the telegraph charges.

If subscribers desire that telegraph messages addressed to them be delivered by telephone, they should make application to the Telegraph Company for such delivery.

## EMERGENCIES.

In case of sickness, fire, or other serious emergency, it is the wish of the Company that the persons in charge of its offices shall extend such assistance to its subscribers in the way of summoning assistance or obtaining information as they can, consistently with the performance of their regular duties. But it is understood that such services are given only as an accommodation to the subscriber, for which the Company cannot assume a new responsibility of any nature.

## NON-SUBSCRIBERS.

Non-Subscribers desiring to make use of Telephone facilities can do so by applying at the Company's Central Offices and at Public Stations, upon payment of the established rates for public use.

The use of subscribers' instruments by non-subscribers is not permitted, such use being in violation of the subscriber's contract.

Messenger service, when required, will be charged for in addition to the regular tariff rate.

# Yearly Rates for Full Exchange Service.

## METALLIC CIRCUITS.

\*\* Before a subscriber's number indicate a Metallic Circuit with a Long Distance Transmitter

\* Before a subscriber's number indicates a Metallic Circuit with Granular Button Transmitter.

For Exchanges of 20,000 Inhabitants and Upwards, not including Boston and Suburban Exchanges.

## HANG UP THE TELEPHONE LARGE END DOWNWARD

When the conversation has been finished, and give one short ring as a signal to disconnect the wires which you have just used. This is highly important. Until such disconnection is made you cannot call again nor can another party call you.

For Metallic Circuit Rates to all principal points in New England, see Tariff Sheet, page A.

## OWING TO THE EXTREME SENSITIVENESS OF THE TELEPHONE

to many disturbing causes, even with the exercise of great care on the part of the Company's employes, the instruments may work unsatisfactorily without our knowledge, and we are in great measure dependent for information of defective service upon our subscribers, who are earnestly requested to report at once, any failure to obtain prompt attention and efficient service.

## SUBSCRIBERS ARE RESPECTFULLY REQUESTED TO REPORT TO THE MANAGER

Any instances of incivility on the part of the operators or inspectors of instruments. While it is our aim to suppress incivility on the part of the employees, it is suggested that courtesy is equally commendable, whether practiced by the telephone employe or the subscriber.

## DO NOT HOLD CONVERSATION WITH THE OPERATOR.

Complaints or requests for information should be made to the manager or the chief operator, or by letter to the division superintendent.

## THE NEW ENGLAND TELEPHONE AND TELEGRAPH COMPANY

Assumes no liability whatever for damages accruing from errors in printing this book.

## ANSWER YOUR CALLS PROMPTLY.

Seconds seem like minutes to the party who is waiting for you.

SUBSCRIBERS ARE RESPECTFULLY REQUESTED TO REPORT TO THE MANAGER

Any instances of incivility on the part of the operators or inspectors of instruments. While it is our aim to suppress incivility on the part of the employes, it is suggested that courtesy is equally commendable, whether practiced by the telephone employe or the subscriber.

## HANG UP THE TELEPHONE LARGE END DOWNWARD

When the conversation has been finished and give one short ring as a signal to disconnect the wires which you have just used. This is highly important. Until such disconnection is made you cannot call again nor can another party call you.

## HANG UP THE TELEPHONE LARGE END DOWNWARD,

When the conversation has been finished and give one short ring as a signal to disconnect the wires which you have just used. This is highly important. Until such disconnection is made you cannot call again nor can another party call you.

# PORTSMOUTH, N. H.

J. W. DUXBURY. Superintendent.

Telephone, Lowell, Mass., 2.

# Telephone \* Writing \* Tablet.

A convenient Writing Desk to go against the wall, by the side of your Telephone. Paper always ready for use. No excuse now for forgetting Telephone Orders or Directions.

**WHAT THEY SAY.**—"The greatest convenience since the telephone came." "Worth twice its cost."

## DESCRIPTION.

The back and the shelf are made of oak, suitably finished as an ornament for either home or office.

The operation of the paper is plainly shown by the cut on the reverse side of this leaf, except that there is no duplicate or under sheet.

The roll contains what is equal to 500 pieces of paper, 5 x 6½ inches.

Any variety of a ruled blank or heading can be printed on the paper, or a rubber stamp can be used for the same purpose.

## SIZES AND PRICES.

These Tablets are furnished in three sizes. The largest size provides, on the back above the desk, a bound self-closing cover, on which the numbers of the telephones most in use can be plainly written; also under the desk, a shelf with a cloth-bound copy of the District Telephone Directory, fully indexed—a very great convenience. Price, complete, \$5.00.

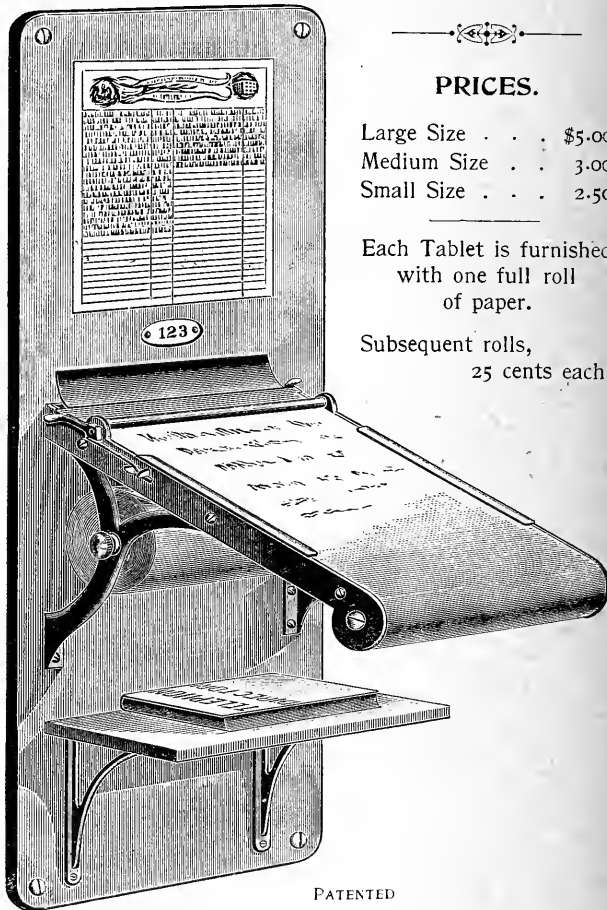

The medium size Tablet has a back, but no number list or shelf or bound book. Price, \$3.00.

The smallest size has no back, and is so arranged, it can be screwed directly to the wall. Price, \$2.50.

**AGENTS WANTED. TERMS LIBERAL.**

**GRIFFITHS AUTOGRAPHIC REGISTER CO.,**

115 Devonshire Street, BOSTON, MASS.

## PRICES.

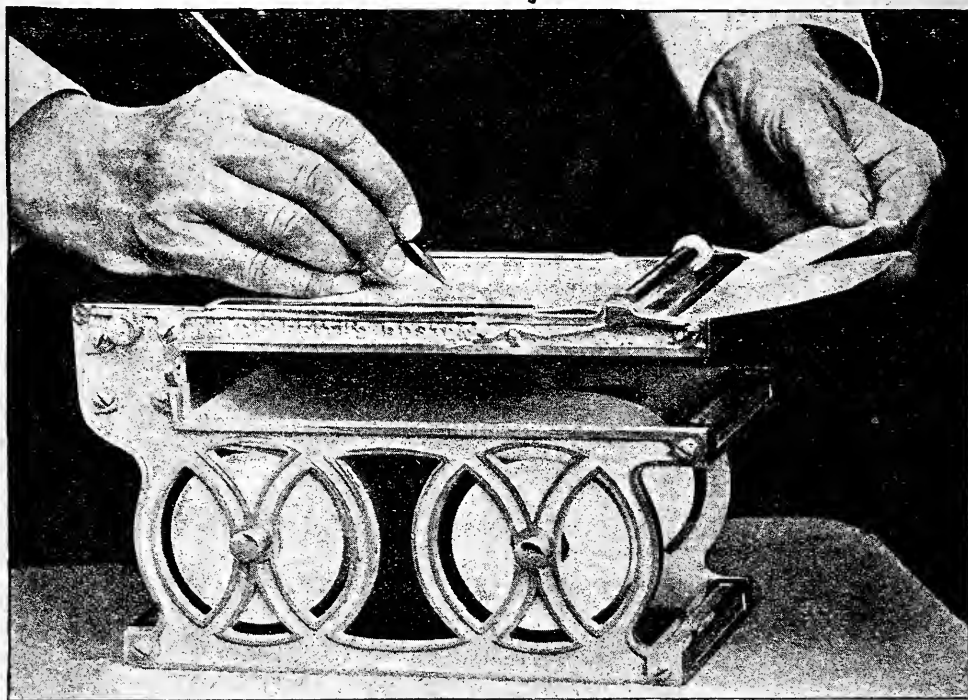

Large Size . . .	\$5.00
Medium Size . . .	3.00
Small Size . . .	2.50

Each Tablet is furnished with one full roll of paper.

Subsequent rolls, 25 cents each.

# Griffiths \* Autographic \* Register.

The Handiest, Simplest and Cheapest Duplicating Writing Device in the World.

PRICE, \$15.00.

Occupies no more room on the desk or counter than a blank book 6 x 9 in., 1 in. thick. Will save the work and salary of one clerk, and will take the place of any other device, however expensive, where the following are now in use:

**Cash Sales Registers or Checks, Sales Day Books, Entry Clerk's Billing Work, Stub Delivery or Order Books, Shipping Receipts and Telegrams in Duplicate,**

or wherever the same writing is done more than once.

Indispensable for use on Delivery or Order Teams, showing at end of trip a record of all sales made or orders taken.

Will duplicate or triplicate. We make to order machines to write four or five copies with one writing. Show us what duplicate writing you now do, and we will demonstrate how this device will save time and work in your business.

Paper rolls now in use on any other duplicating machine of sizes  $4\frac{1}{4}$ ,  $6\frac{1}{2}$ , or  $8\frac{1}{2}$  inches wide can be used on this without change.

The top sheet or sheets can be torn off independently, leaving the underneath sheet to run out whole, to be left on a roll, or bound in our patent binders in the form of a book, showing business of each day by itself.

**No wearing parts. Nothing to get out of order. Will register absolutely.**

**AGENTS WANTED. TERMS LIBERAL.**

**GRIFFITHS AUTOGRAPHIC REGISTER CO.,**

115 Devonshire Street, BOSTON, MASS.

# TO ELECTRICAL CONTRACTORS AND FITTERS.

GENTLEMEN:—You have only to try the SAMSON BATTERY to become convinced of ITS SUPERIOR QUALITIES. It justifies all statements as to ITS GREAT STRENGTH AND DURABILITY for open-circuit work, such as Call-Bell, Annunciator, Burglar Alarm, Gas Lighting, Telephone, Watchman's and Time Clock Service. It is not only the BEST, but the CHEAPEST BATTERY IN THE WORLD TO-DAY! Every day you defer using the SAMSON WILL RESULT IN A LOSS TO YOU, equal to the percentage of its superiority over the cells you now use.

**IS IT WORTH SAVING?** If the SAMSON BATTERY were substituted for all other open-circuit cells, of whatever name or form, now in use in the United States, the battery power of the country would be increased from 50 to 75 per centum! This statement can be substantiated by the highest scientific and practical authority in the land. There are hundreds of Battery users who have tested out the truth of this statement, and who appreciate its importance. OVER A QUARTER OF A MILLION NOW IN USE IN THIS COUNTRY.

ADDRESS, FOR FURTHER PARTICULARS,
